A-Number of Home supply centers (Part I)

B-Total Mobility of Supply centers

M-Average Mobility of Supply Center

V-Value of Supply Center

P-Average Protection of Supply Centers.

OM-Offensive(Outward) Mobility of Supply Centers

DM-Defensive (Homeward) Mobility of Supply Centers

MA*Average Mobility of Army Units

MF-Average Mobility of Fleet Units

Conclusions:

At the beginning of the game Russia has the most mobility because of her extra supply center. And Russia has the greatest outward mobility.

Austria's supply centers have the highest value: (See Part VI).

Austria's supply centers also have the greatest protection.

England & Italy's supply centers have the most defensive mobility.

Austria & Germany's start with the greatest average mobility of Army units.

England & Germany start with the greatest average mobility of Fleets.

THE END:
